SUMMARY

Senior full-stack engineer with ~ 7 years building and scaling consumer and enterprise web applications on React, Node.js and AWS. At Sling TV, part of the team that rebuilt a leading US OTT streaming app from scratch, owning player UI and cutting app startup time by 40%. At Diatoz, architected serverless AWS pipelines that migrated millions of records for an automotive service marketing platform. Recently completed 2 month full-time residential Agentic AI training at IIT Mandi.

TECHNICAL SKILLS

Languages & Practices: JavaScript, TypeScript, Python, SQL, Data Structures & Algorithms, System Design, TDD
Frontend: React, Redux, RxJS, React Native, Vue.js, Vuex, HTML5, CSS3, SCSS, SSR, PWA, Jest
Backend & Data: Node.js, Express.js, REST, GraphQL, WebSockets, Microservices, MySQL, MongoDB, Elasticsearch
Cloud & AI: AWS (Lambda, SQS, S3, RDS, CloudWatch), LangGraph, RAG, AI Agents, Ollama, ChromaDB, Git

PROFESSIONAL EXPERIENCE

M-Files (Metadata Development & Services LLP) - *Software Engineer II, Bangalore | Oct 2025 – Apr 2026*

- Delivered version history and Microsoft 365 integration onboarding features for M-Files web, an enterprise document management platform, building responsive UI flows with end-to-end test coverage.
- Proposed the architecture for an in-app notification system for M-Files web, and conceived the team's hackathon project on AI-powered document search using semantic search and metadata ingestion, building the prototype UI.

Dish Network Technologies (formerly Sling TV) - *Senior Engineer, Bangalore | Oct 2021 – Oct 2025*

- Contributed to a ground-up rebuild of the Sling TV browser app during a full platform migration, building modular React and TypeScript components for a leading US OTT service.
- Cut application startup time by 40% by optimizing critical player initialization paths, measurably improving playback engagement metrics.
- Owned every player screen component end to end and independently shipped the embedded player and full keyboard-navigation support, improving accessibility and usability.
- Delivered responsive interfaces across desktop, tablet and mobile breakpoints, enforcing code-quality standards and Jest unit-test coverage across shared components.
- Mentored junior engineers through design reviews, code review, sharing learnings and past experiences to avoid common pitfalls, accelerate learning and keep growing together.

Diatoz Solutions - *Software Development Engineer, Bangalore | Jun 2019 – Oct 2021*

- Architected a serverless AWS pipeline (Lambda, SQS, S3) that migrated millions of marketing campaign records to a new data provider, scaling elastically under peak load with no manual intervention.
- Built the GSM automotive marketing platform full-stack with React, Node.js, Elasticsearch and MySQL, and automated manual operational workflows with Node.js tooling.
- Delivered Lifedata, an omnichannel AI chatbot builder (Vue.js, Vuex, Node.js, MongoDB, WebSockets), integrating Dialogflow, Google Speech-to-Text, Chargebee and Stripe payment gateway.
- Designed the React Native frontend architecture for TransportEG logistics app, adding localization, Redux persistence, native camera and OTP integrations, and iOS TestFlight releases.

APPLIED AI TRAINING & PROJECTS

Agentic AI - Residential Program, IIT Mandi (Kamand) — *Full-time, Himachal Pradesh | May 2026 – Jul 2026*

- Built FarmersIntel, a ReAct-pattern agent that helps Indian farmers make informed selling decisions using real-time/historical government wholesale market price data. Ask questions about commodity current prices across district level mandis, historical/seasonal price trends, and answering Indian government scheme eligibility, integrating the Agmarknet API as a tool layer and running LLaMA 3.1 locally via Ollama.
- Built RAG pipelines (chunking, embeddings, vector retrieval with [ChromaDB / FAISS] and grounded generation) and multi-agent workflows in [LangGraph / CrewAI] with planner/executor roles, tool calling and agent handoffs.

EDUCATION

B.Tech, InformationTechnology -Sri Shakthi Institute of Engineering and Technology, *Coimbatore | 2014 - 2018*
